

Worcester Yeomanry Cavalry
a living History Unit

Worcester Yeomanry Cavalry

We are a small, friendly re-enactor unit which celebrates the dangerous times when, during the Napoleonic wars, Britain was under threat of invasion by the French. With the regular army abroad, local forces were raised to defend the country.

We remember the Worcestershire forces of the time 1803 and their founder the 1st Earl John Somers Cocks. We muster at his estate, Eastnor Castle near Malvern. We also appear at various other venues. Please see our website for details.

We give a warm welcome to visitors and recruits alike.
